GOV'T GUNS TRAINED ON REBEL FORCE

Bangkok Tense as Attackers Reach Within Few Miles of City

RESIDENTS ASKED TO LEAVE HOMES

BANGKOK, Siam, Oct. 13 (AP).—Big guns of Government troops were turned tonight on two provincial rebel forces moving on this tense capital.

Many feared the fighting would spread within the city. A number of business and commercial houses were closed. Foreign banks and legations were closely guarded. Suburban residents were asked by the Government to leave their homes when it was learned the rebels, one group of whom was commanded by a member of the royal family, were within eight miles of the city.

GOVERNMENT DETERMINED
The blast of artillery fire apparently indicated the Government's determination to subdue this latest revolt against it and not to allow a repetition of the easy and successful, though bloodless, revolutions of the past two years.

King Prajadhipok has been greatly alarmed recently over the growth of Communist tendencies, and the Government placed high prices on the heads of leaders of the revolt, including Prince Bovarade, who once was Siam's Defence Minister.

MINOR CLASHES
Minor clashes that presaged the advance of the rebels resulted today in injuries to many persons, it was feared. Censorship was established here, martial law continued in effect.

The other group involved includes troops from Korat, about eight hours by train from here. The prince's followers seized the Domnang Aerodrome, the Royal Aeronautical Service headquarters, yesterday.

FOUR REVOLUTIONS
In the last two years four revolutions have occurred in Siam. In 1932 the absolute monarchy was ended and a constitutional monarchy set up. In subsequent uprisings, lesser Government posts have been changed.

JOHN BENNETT VACATES POST

Appointment as Commissioner for Burnaby Is Cancelled

BURNABY, Oct. 13 (CP).—John Bennett, who has been in charge of Burnaby Municipality since last December as commissioner, was informed by letter from the British Columbia Government yesterday that his appointment has been cancelled, effective immediately. John Mahoney, former Government agent at Vancouver, has been appointed to succeed him.

Cancellation of Mr. Bennett's appointment follows his nomination yesterday as an independent Non-Partisan candidate in Vancouver-Burrard for the British Columbia elections.

Appointment of Mr. Bennett as commissioner of Burnaby followed default in payment of interest on the municipality's bonds.

SUCCESSOR APPEARS
First intimation that his appointment had been cancelled was received by Mr. Bennett when his successor, Mr. Mahoney, arrived in his office and informed him he had come to take over his duties.

Mail from Victoria does not reach the Municipal Hall, Edmonds, until a late delivery. Mr. Bennett sent a messenger to the New Westminster Postoffice for the mail and thus received the letter from Victoria.

PROCEEDS WITH TRANSFER
Mr. Bennett thereupon proceeded to transfer his duties as speedily as possible.

"I have nothing to state," Mr. Bennett said, "other than that I found the municipal staff one of the most efficient and most loyal staffs in British Columbia. It has been a pleasure to work with them."

Sudden Wind Blows Car Off the Road

EDMONTON, Oct. 13 (CP).—All the hazards of driving, apparently, are in the car on the road. Constable Charles Burnstead, of the city police force, was returning to the city tonight from a duck hunting trip, when a sudden windstorm blew his car into a ditch and damaged it badly.

The wind, accompanied by lightning, blew down four telephone poles on the highway leading north-east from the city, tilted several in the city, and sent citizens scurrying to shelter as it threatened to blow them down. The blow subsided ten minutes after it started.

Japanese War Lords at Tokio Reception

—Central Press Photograph.

VICTORIOUS Japanese military heroes were accorded a "Roman Holiday" reception recently upon their return to Tokio. After making their obeisance before the Mikado at the Imperial Palace, the cavalcade of distinguished warriors was accompanied down the Ginza, Tokio's main street, by martial bands and a wildly cheering multitude. At the residence of General Saigao Araki, War Minister, a reception dinner was accorded the military chieftains.

DRASTIC MEASURES PLANNED BY FRANCE TO AVOID INFLATION

Arabs Object to Immigration of Jews Into Holy Land

JERUSALEM, Oct. 13 (AP).—This Holy City of Christian, Jew and Moslem was the scene of a demonstration by Arabs today against the immigration of Jews to Palestine. At least a dozen persons were injured seriously in several minor clashes. Since two British police-men were among those hurt, the event occasioned anxiety.

A mysterious and exciting hubbub in bazaars—a characteristic of the East—continued, but grave trouble was averted by precautionary steps by authorities, who deployed soldiers and policemen at strategic points.

Leaders of the movement pointed out their people had been here for centuries and consider Jewish immigration as an invasion.

Welfare of People Comes First Says Premier in Speech

Union of Political Interests Need of Present Crisis, Dr. Tolmie Declares, Offering to Leave Leadership to Elected Members

"HAVING placed the Unionist platform before the public, and now that nominations are closed, and all candidates definitely in the field, I would like to make my position clear as leader of the Unionist group."

LABOR UNIONS FAVOR BOYCOTT

Would Take Action Against Countries Denying Right of Free Organization

WASHINGTON, Oct. 13 (AP).—Tossing aside precedent because of dangerous tendencies in Continental Europe and Asia, the American Federation of Labor convention today shouted its endorsement of a boycott of Germany and "any other" country that denied the right to free trade union organization.

The recommendation was in a report which held it would "seem unwise" to take action of that sort against one nation—Germany—without including other countries in which it said workers were denied free organization rights, or where "any people are being persecuted because of race, religious belief or political affiliations."

Such other nations, the report added, were "Italy, with its Fascism, Russia with its Communism, and China with its chaos."

HIGH SALARIES FOR STARS HIT BY CODE

WASHINGTON, Oct. 13 (AP).—Under Presidential influence, a provision was written into the revised Motion Picture Code late today by Solomon A. Rosenblatt, N.R.A. deputy administrator, calling for the assessment of fines up to \$10,000 against producers found to have hired talent at "unreasonably" high salaries.

The revision followed a disclosure that the White House was opposed to the payment of film people of salaries five or six times as large as the President's.

MACHADO TAKES TRIP

MONTREAL, Oct. 13 (CP).—Gerardo Machado, deposed Cuban president, who caused a flurry of excitement here today when he disappeared from his hotel room, has left for a motor trip and will return here in about a week. The itinerary was not made known.

"Despite a thorough investigation by interested Federal organizations, it has not been possible to ascertain as yet why the explosive was on the plane. There is conclusive evidence that there was no gasoline explosion or fire in the air, and no structural failure of the airplane until the explosion," stated Colyer.

Procedure of "Exceptional Urgency" to Be Offered at Opening of Parliament

LIFE OF CABINET IS STAKED ON PROPOSALS

PARIS, Oct. 13 (AP).—Premier Edouard Daladier will declare a state of emergency when Parliament reconvenes Tuesday, it was learned officially tonight, in an effort to push through a gold franc programme in the emergency project.

The Premier, following tactics Raymond Poincare used when he saved the franc in 1926, will ask the Chamber of Deputies to adopt a procedure labelled "exceptional urgency" in the hope a bill to balance the budget will be voted and fears of inflation will be allayed by the end of the week.

CABINET'S LIFE AT STAKE

M. Daladier, who says he will stake the life of his Cabinet on the proposal, must marshal a two-thirds majority on the emergency project.

Three measures will be introduced Tuesday: First, a budget bill on which special procedure will be sought; a public works programme and one aimed against the high cost of living.

TO PROTECT FRANC

Premier Daladier counts on strong anti-inflationist sentiment throughout France to aid him in trimming the budget deficit and protecting the franc.

Salary reductions, increases in taxes, and heavy penalties for the tax evaders are said to be included in the economy measure. Tax experts estimate that the state loses a billion francs yearly through fraud.

STOCKS RISE AS WAR SCARE FADES

Rumors of Troops Rushed to Manchukuo Border Refuted—War Minister's Statement

TOKIO, Oct. 14 (AP).—Returning confidence in the unlikelihood of a Russo-Japanese conflict resulted today in a three-day recovery of key stocks on the opening of the Tokio Exchange.

Rumors that the Soviets were rushing troops to the Manchukuo border caused a sharp drop yesterday. Japanese newspapers gave prominence to a statement from Minister of War Araki that "Japan has no intention of going to war with the Soviet."

Collegian Breaks Arm In "Hazing"

William N. Agnew, 1782 Lee Avenue, sophomore student at Victoria College, sustained a broken arm during what is said to have been a "hazing" at the Craigdarroch institution, yesterday.

The accident occurred when several students "captured" Agnew and shoved off his moustache. He resisted this and a fight ensued. During the fight he slipped and his arm was fractured.

It is understood by college authorities that a complete investigation into the affair will be made.

Believes Marine Monster To Be Giant Conger Eel

VANCOUVER, Oct. 13 (CP).—Victoria's marine monster may be a giant conger eel. A. Davis, of Fulford Harbor, Bellingham Island, believes.

In a letter to a Vancouver newspaper, Mr. Davis told of seeing a huge creature in the water some years ago. "It raised its head and body above the water in three distinct bends, showing it was quite 40 feet long," said the letter. "I am positive it was a large eel."

LOAN LISTS TO CLOSE AT NOON TODAY

Flotation of Dominion Refunding Issue Completed in Five Days

FINANCIAL STRENGTH WELL DEMONSTRATED

OTTAWA, Oct. 13 (CP).—The 1933 Refunding Loan swept over the top tonight with its \$225,000,000 total definitely assured. The books of the loan will close at 12 o'clock noon tomorrow, with what is expected to be a substantial over-subscription. Official figures were not available tonight.

In a statement issued tonight, Hon. R. W. Rhodes, Minister of Finance, explained the books of the loan were being kept open until tomorrow noon, in order to give every holder of maturing Victory Bonds a final opportunity to convert into the new issues.

CONVINCING DEMONSTRATION
Commenting on the result of the loan, Mr. Rhodes said tonight: "The complete success of the Refunding Loan within a period of five days, and with funds supplied entirely by Canadian investors, is a most convincing demonstration of Canada's financial strength, and supplies further evidence of the country's economic recovery."

Mr. Rhodes will speak over a national radio hook-up tomorrow night, at 10:35, Eastern standard time. He will deal more specifically with the results of the week's campaign.

The conditions under which the books of the loan will close and by which final applications will be accepted, are defined in the following official statement by the Minister of Finance:

HOLDS TACTICS NOT SPORTING

Would-Be Candidate Is Disqualified—Blames Liberal Opponent

VANCOUVER, Oct. 13 (CP).—Major John C. Hartley, blind and crippled mining engineer of Bridge River, who was disqualified from running as an independent candidate for the Legislature on a technicality, tonight accused George Murray, Liberal candidate, of two or three minutes before nominations closed, when it was too late for the technical objections to be rectified.

LAST-MINUTE REFUSAL
He said Mr. Murray had been present for nearly an hour, but raised no objection to the nomination of Major Hartley.

Returning officer wrote on the rejected papers that they had been thrown out at 12:30 p.m., nominations closing finally at 1 p.m. Mr. Murray's objection was that two of the names on the paper did not carry the proper address.

Major Hartley was encouraged today in the belief that the returning officer had no right to strike off his name on these grounds. He is placing his case before officials of the Government.

If the Government supports Major Hartley, restoring his name to the ballot, it restored Mr. Murray's name recently to the voters' list so that he could run, Major Hartley was in succession.

Major Hartley is a member of the Independent and Commander J. C. Smith for the Co-operative Commonwealth Federation.

PROTEST NOT CAUSE

LILLOOET, Oct. 13 (CP).—G. M. Murray, Liberal candidate, in a statement made here, declared that the disqualification of Major John C. Hartley was brought about by the returning officer, Alex. Oxtown, because of irregularities and not because of a last-minute protest on his part.

Lost in Potatoes; Found in the Hay

DUNCAN, Okla., Oct. 13 (CP).—The wedding ring Mrs. S. B. Boggs lost twenty-one years ago, while digging potatoes, has been found. Her brother, John T. Walton, uncovered it while raking hay in the one-time potato patch.

Jim Thomas Gets Even With Paper

LONDON, Oct. 13 (CP).—The Daily Express, Lord Beaverbrook's organ, having asserted J. H. Thomas' name was being freely mentioned in connection with the chairmanship of the new Greyhound Racing Control Board, the Secretary for Dominions today wrote that paper saying:

"There is as much foundation for the statement as for the rumors in Fleet Street that Lord Beaverbrook was feared ten workers were caught under the debris."

Cash Balanced Budget Assured By Tax Returns

Mayor Expresses Unbounded Optimism Over City's Financial Situation—Receipts Expected to Cover, If Not Exceed, Amount Estimated Earlier This Year—Collect \$1,330,000

"A CASH-BALANCED budget is very important in its relation to the tax levy for 1934. If we get an 81 per cent collection of taxes this year, we will have a cash-balanced budget, and I am definitely assured by the figures placed in my hands today that we will end the year with a cash-balanced budget," Mayor David Leeming announced yesterday.

The occasion for this statement was the completion of tax returns up to the time of payment before the penalty came into effect and ten days after.

TAX RECEIPTS
A total of \$1,335,007 has been collected to date, which is 71.76 per cent of the gross levy, which amounts to \$1,860,245. However, the council in drafting its budget estimated an 81 per cent collection, which leaves only \$106,525 to be collected to realize the estimated revenue for the year.

With half of this month, November and December yet to be accounted for, the Mayor was quite optimistic in his outlook on the situation.

UNITED STATES IS AGAINST WAR

WASHINGTON, Oct. 13 (CP).—President Roosevelt said in an address to the nation tonight, no threat to world peace emanates from the United States for "we are overwhelmingly against war," and as a nation "we are seeking no additional territory at the expense of our neighbors."

Addressing the third annual Women's Conference on Current Problems in New York, from the White House at Washington, the President said:

"The United States does not seek to annex Canada, or any part thereof, to annex Mexico or any part thereof, or to annex Cuba or any part thereof."

"It is this attitude of the overwhelming majority of our people towards their neighbors—this complete lack of a national desire for territorial expansions, which makes the rest of the world begin to understand that the United States is opposed to war."

The President said that "only through constant education and the stressing of the ideals of peace" can those nations threatening the peace of the world by "imperialistic desires" be brought into line with the majority against such a policy.

Not Rearmament but Defensive Weapons for Army Are Wanted

PREMIER MUSSOLINI WOULD-BE MEDIATOR

GENEVA, Oct. 13 (AP).—A threat that Germany will withdraw from the Disarmament Conference and perhaps from the League of Nations if she is not permitted to negotiate freely tightened today the arms knot with which world statesmen are struggling.

The German spokesman who issued this warning maintained that his Government wants the same measure of initiative as that accorded other nations, and claims, not rearmament, but defensive weapons for equipping the standing army.

MERELY WANT WEAPONS
"We do not want to rearm," he insisted. "We merely want some weapons," the number of which is to be negotiated.

"While other nations have been arming up to the strength authorized by treaty, it has been hinted to us that we can not have the full number of arms of the type authorized by the Versailles Treaty."

His contention was uttered after his chief, Dr. Rudolf Nading, returned to Berlin for a conference supposedly on a plan to introduce a resolution barring the Reich from having defensive arms.

German delegates kept in close touch by telephone with Berlin, Continued on Page 2, Column 3

SENTENCED FOR MANSLAUGHTER

Louis Poulain Gets Two Years in Penitentiary for Ladysmith Stabbing

NANAIMO, Oct. 13.—In the Anzac Court here today the jury in the Poulain murder case, after a deliberation of two hours, returned a verdict of manslaughter, and Chief Justice Morrison sentenced Poulain to two years.

Louis Poulain, a forty-nine-year-old Belgian, was charged with the murder of Robert Douglas Syme, a twenty-five-year-old Ladysmith man, on the evening of September 7 last.

Evidence through an all-day trial showed that on the night of the killing a party had been held in the Poulain home.

Six adults attended. Poulain's three children, two girls and a boy, had been sent to bed at 9 o'clock. The adults decided at 10:30 o'clock to adjourn to the Pretoria Hotel beer parlor.

CHILDREN'S EVIDENCE
All three children swore that, shortly after they were left alone in the house, Syme returned, and attempted to get into the room occupied by the two girls, aged twelve and thirteen years. One of the girls swore Syme offered the other two children one dollar if they would let him into the room with Rosie, the eldest girl.

Adolph, the son, rushed to the beer parlor and told his parents Syme was trying to break into the girls' bedroom. Poulain went on ahead to his wife and son to see what was happening. When Mrs. Poulain and Adolph reached home, only 540 feet from the beer parlor, Syme, they said, was lying on the ground, groaning. Mrs. Poulain had gone for the police and later Adolph was sent for the doctor.

JUDGE'S ADDRESS
Chief Justice Morrison, in his address to the jury, urged them to consider well the point of provocation. F. S. Cunliffe conducted the case for the Crown, and Arthur Leighton acted for the defence.

In commenting on their addresses to the jury, Chief Justice Morrison said that in all his years of experience in the courts, today was the best conducted murder case he had ever seen, and he strongly commended both Mr. Leighton and Mr. Cunliffe for their mastery addresses to the jury.

PREMIER RESTING IN PRAIRIE CITY

Has No Public Engagement Before Monday—Will Leave for Regina Next Day

CALGARY, Oct. 13 (CP).—Reaching the Western terminus of his speaking tour of the Prairie Provinces, Prime Minister R. B. Bennett arrived here tonight and received a warm welcome from some hundreds of his former fellow townsmen. Mr. Bennett has no public engagements here until Monday, when he will address the Board of Trade.

Dr. O. H. Patrick, president of the Board of Trade; J. W. Crawford, president of the Calgary Conservative Association; and Dr. G. D. Stanley, Federal member for Calgary East, headed the welcoming party.

The Prime Minister intends to confine himself mainly to resting and personal affairs until Monday noon. He will probably remain in the city until Tuesday, and will then go to Regina.

Alcohol Is Deadly When It Explodes

BAYONNE, N.J., Oct. 13 (AP).—Two men were critically burned and five were reported missing tonight in a fire that started with an explosion in a gasoline launch, ignited two piers and four lighters at the Standard Oil Company's lower-hook plant, and barely missed igniting three tankers and a freighter. The fire broke out on the launch R.T.C. No. 7 as it was loading its 2,000-barrel capacity at Pier 2. Simultaneously with the fire came another explosion. Others followed, as one after another of thirty-six drums of alcohol blew up.

UNITED ACTION ONLY SOLUTION

**N. W. Whittaker Says Suc-
cessful Party Must Have
Definite Plan**

"The party which finds itself in power after November 2, must be organized; must be united; have an experienced leader, and it must have a definite plan of action; and there is only one party in the field today that has all four of these requisites and that is the Liberal Party," declared Norman W. Whittaker, Liberal candidate for Saanich, speaking at a meeting in the McKenzie Avenue School last night.

"Among the other factions in the field," said Mr. Whittaker, "most of the Independents are camouflaged. For five years they sat on the Government benches and voted for the Government, and then at the end of that time they decided that they could no longer support it. But if enough of them are elected, they will get together and you will find that you have the same old administration as you have had for the past five years."

ATTACKS C.C.F.
He attacked the policies of the C.C.F. on the grounds that the methods they proposed to put into effect involved dictating to the people in the manner in which they should live, men and women, Anglo-Saxon extraction would never submit to it without a struggle.

In discussing the Liberal platform, Mr. Whittaker stated that the Liberal Party was pledged to press upon the Dominion Government the absolute necessity of instituting some form of contributory unemployment insurance. "If this cannot be done," he said, "then I for one pledge myself to endeavor to have some form of contributory unemployment put into effect in this province, and I know that a number of other Liberal candidates are so pledged."

RECOVERY PLAN
In offering the Liberal platform as the only one containing a plan for recovery, he pointed out that two things were necessary in order to stimulate recovery, namely: increase in wages and the price of farm products and a lessening of the burden of debt.

Neither the Tolmie party nor the C.C.F. had any recovery plan in their platform, Mr. Clearhue maintained, and the latter, if it got into power, would simply resolve itself into a dictatorship, controlled by the council of twelve. In any event, he said, a C.C.F. Government in British Columbia would be unable to refund loans and repudiation would follow, leading eventually to chaos.

Joseph B. Clearhue, Liberal candidate for Victoria, spoke in support of Mr. Whittaker and the Liberal policy generally.

"What," asks a correspondent, "is necessary for a successful angler?" A rod and a ying.

ARMS KNOT TIGHTENS WITH GERMAN THREAT TO QUIT CONFERENCE

Continued from Page 1

where Chancelor Hitler and President von Hindenburg were reported to be talking over their stand on arms.

In the absence of Dr. Nadjny, who is expected to return on Sunday, Baron von Reihnbaden, a former Prussian Minister of State and Finance, will represent Germany at tomorrow's meeting of the conference steering committee, when the British Foreign Secretary, Sir John Simon, will report on the status of political negotiations.

A DIFFICULT GAME
Sir John played golf today with Norman Davis, United States representative, and between shots tried to think of new ways and means of keeping the conference going constructively.

One indication of the probable nature of these plans lay in a report Mr. Davis had tried to get other delegations to drop the defensive armament resolution.

He remained firm in a conviction that a convention must not be forced on Germany, but co-workers agreed with the French and British representatives there be no German remnant in the proposed four or five-year arms truce period.

MUSSOLINI TO FORE
Italian delegates, meanwhile, suggested unofficially Premier Mussolini be called in to mediate the divergent views. Il Duce was represented as wanting the negotiations shifted to Rome for reasons of prestige, if there is no progress here. It was said he would want discussions within the spirit of a Western European peace pact signed by Great Britain, France, Italy and Germany.

BERLIN, Oct. 13 (AP).—The German Cabinet remained in session all day today and far into the night as the Hitler Government faced what was considered the greatest crisis in the history of the movement.

LIKELY TO INCREASE
No communique was issued after the Cabinet session, but instructions issued to Dr. Rudolf Nadjny, German delegate to the Geneva Disarmament Conference, are most likely to insist the powers recognize Germany's equality claims as emphatically and repeatedly set forth on behalf of the Hitler Government.

**WELFARE OF PEOPLE
COMES FIRST SAYS
PREMIER IN SPEECH**

Continued from Page 1

ple and spurned the offer of coalition. The Premier said he had not proposed union with the C.C.F. in experience in the matter, and related how the two major parties had united in a common cause during the war.

The greater part of his speech was devoted to the problem of unemployment. Prosperity of the farmer was largely dependent on the wage earner, and the prosperity of the latter relied on the ability of the farmer to sell his goods.

In order to accomplish more profitable marketing, the Government would have to watch British Columbia's interests in respect to trade agreements, and bring about a system of orderly marketing, he asserted.

INDUSTRIAL SURVEY
The present administration already had set to work to bring about recovery. Selection of a representative of Labor to take the portfolio of Minister of Labor was the first step in this direction. Hon. W. M. Dennis, the Premier, would already have under way an industrial survey designed to bring about a restoration of employment for the masses, while steps were taken to call an inter-provincial conference to discuss unemployment, and devise ways and means of relieving the situation.

Revision of labor laws; permanent labor representation in the Cabinet; a better Marketing Act and other proposals were made for the improvement of conditions, the Premier said.

HELPS PROPERTY HOLDERS
A moratorium on tax sales had been declared to relieve burdened property holders. Capital was being encouraged to invest in British Columbia. An evidence of this was the British capital that had been brought to this province to construct the Ladner Bridge, Premier Tolmie declared.

He looked upon socialization of industries and banks as a retrograde step, and one that the people could ill-afford to experiment with at this time.

Touching upon the Liberal administration, he charged T. D. Pattullo with draining Burns Lake for farm land when there already were 23,000 acres of excellent farm land above water. He charged the Liberal administration with increasing the Province's debt from \$25,000,000 in 1916 to \$118,000,000 in debts and commitments in 1928.

WOULD ISSUE OWN CURRENCY

**Dr. Lyle Telford Tells Elec-
tors of Plans of C.C.F.
Movement in B.C.**

"Members of the C.C.F. must administer according to the wishes of the people. If they want a bridge built, or they want a railway, and they ask for it, they will get it. We do not intend to issue bonds payable twenty years hence with interest. We would issue our own currency to pay the men to build, declared Dr. James Lyle Telford, candidate for Alberni-Nanaimo, in an address in Rex Theatre, Esquimalt, last night.

Dr. Telford said it was only logical to issue scrip to pay for construction works to be owned and operated by the state. "And it is the duty of the elected member to go to his people as often as possible. The actual details of the administration will be left to our experts, leaving the members free to learn the needs of the people whom they will represent," Dr. Telford said.

C.C.F. LEADERS
Concerning leaders, Dr. Telford said the C.C.F. was not bothering very much about leaders at the present time. "We are trying to put over our ideas and principles and not any individual group. We have been charged with receiving money from Russia. So far I have not seen anything of it. If it was going to be anything, it would be in the form of a check, and we are spending money in this campaign because the people are putting it up. The time has come when people are beginning to swing into the movement. It is becoming so popular that anything in the C.C.F. and still go to church," Dr. Telford stated.

For the present state of affairs, Dr. Telford said, "you cannot blame the farmer, and you cannot blame the industrial worker. The late Government of this province never had a solution for anything in the five years it was in office. If I had a record like that, I think I would want to change my name too. If you want that kind of administration for another five years, just take it—but call it sweet, don't hold afterwards. What we want is betterment of inter-imperial commerce; a new deal instead of a raw deal."

STATE OWNERSHIP
Dr. Telford said the right to live, to have state ownership and control. The farmer wants to be secure on his farm. That is Socialism, and Socialism is simply Christianity in action. The people want only the right to live, but to live abundantly. Everyone who eats must work, and by taking over the natural resources of the country, its machinery of distribution, we will make it possible for you to live off the fruits of your own labor," Dr. Telford explained.

Dr. Telford said the C.C.F. mentioned as likely to come under state control were: Courts and the practice of law. "No one should be forced to pay when they go into court. The state should provide the public prosecutor and public defender," he said. Dr. Telford would also seek medical attention and medicines, hospitals, insurance. A moratorium for farmers would be put into effect.

The C.C.F. would "pump and show" at the opening of the Legislature, reduce the salary of the Lieutenant-Governor. "I don't think it is a personal matter, but there would be a complete separation of church and state, and no interference with either."

Dr. Telford gave a similar address at an afternoon meeting at the Lake Hill Community Hall yesterday afternoon. His lecture at that night meeting was John Mitchell, and Norman Brown, C.C.F. candidate in Esquimalt, spoke briefly at the opening of the meeting.

"The books of the Dominion of Canada 1933 Refunding Loan will close tomorrow, Saturday, October 14, at 12 o'clock noon."

DELIVERY OF BONDS
"Applications for conversion, accompanied by the maturing Victory Bonds, will be accepted, provided such applications are filed with an assistant receiver-general, or with any branch of a chartered bank in Canada, before 12 o'clock noon on Saturday; but where delivery of the Victory Bonds has been unavoidably delayed, applications for conversion must be accompanied by an undertaking to deliver such bonds at such time as will enable the bank or dealer to lodge them with an assistant receiver-general, not later than 12 o'clock p.m. on Monday, October 16."

"Failure to deliver the bonds at that time will render the application null and void."

"Cash subscriptions will be considered for allotment only if application is lodged with an assistant receiver-general by 12 o'clock noon on Saturday."

BUDGET ASSURED
BY TAX RETURNS**

Continued from Page 1
"If we manage to collect the same amount as last year, we will fall 1 per cent short of this year's estimate. Owing to the major portion of the penalties falling on December 30, it is anticipated that we shall at least collect an amount to cover the figure placed in the estimates," the Mayor stated.

"It is a very fine showing and very gratifying to us all that the confidence should have been manifested. I have no doubt that the co-operation of the taxpayers of this city in the closing of the year will find Victoria ranking as one of the very highest cities in Canada in the collection of taxes."

Huge List of Candidates in B.C. Confirmed

CONFIRMATION was received by officials of the deputy Provincial Secretary's office, yesterday, for the list of 230 candidates running in the Provincial election. The list of candidates is unchanged, save for minor correction in the spelling of middle names. Unofficial summaries gave 222 candidates, but only 220 are entered so far as the official record, compiled from the reports of returning officers in thirty-nine electoral districts, is aware.

OTTAWA, Oct. 13 (CP).—Vigorous presentation of its campaign for economy in public finance will be continued by the Canadian Chamber of Commerce which, at the closing session of its eighth annual convention here today, adopted the recommendations of its policy committee along this line. The committee's report set forth the programme which the chamber will carry out in the forthcoming year and dealt with a variety of subjects of public import.

The final act of the convention was the naming of Lord Evans of Winnipeg, president of the chamber in succession to John W. Ross, of Montreal.

While voicing the hope the N.R.A. will succeed in the United States, the chamber records its opinion "such enactments are not advisable in this country at the present time," inasmuch as the trade situation in Canada is different from that of the United States.

Subscriptions To Date

At an enthusiastic dinner-meeting of the Y.M.C.A. workers of the Y.M.C.A. membership campaign, last night, first reports of activities in the campaign were heard. Sixty-six subscriptions have already been obtained. The subscription campaign opened Tuesday and will close next Wednesday. On Monday a dinner-meeting will be held in Spencer's when officials of the Y.M.C.A. members, past and present, will join in a banquet.

Last year first reports received on the campaign showed a result of twenty-one subscriptions. Samuel Clark was leader to date in the present campaign with six new memberships, and received special award in recognition of his efforts. The team under Samuel Hill wrote the most number of new memberships and also received special recognition. Warren Martin, major of "A," of which Mr. Hill's team is a unit, also received an award.

Carrying Opium**

HONOLULU, Oct. 13 (AP).—Customs officers found 133 tins of opium in the chest of Choi Sun, Chinese carpenter aboard the Canadian Pacific steamship Empress of Canada, on her present trip to the Orient via Honolulu, which were overlooked by customs agents at Vancouver, B.C. The opium was estimated to be worth \$14,000.

The customs service fined the vessel \$22,100.

Charming Talent

A truly metropolitan glamour and charm characterized the song and piano recital given at the Memorial Hall, last evening, by Marguerite Rickard, mezzo soprano, and Marguerite Devlin, pianist, who combined their very fine gifts with that of the former's accompanist, E. Holloway, to aid the Anglican Women's Bursary Fund that is to be used to help a young Victoria student to attend the Anglican Theological College at Vancouver. The stage, already most beautifully arranged with masses of tawny Autumn foliage, was transformed by the end of the evening into a bower of flaming color with the numerous lovely baskets and sheaves of flowers that found their way to the two soloists.

FINISHED ARTISTRY
Marguerite Rickard had not been heard here before under quite such happy conditions, and from the moment that she opened the programme completely held her audience by the hearty appeal and finished artistry of her work. There is in it a universal quality, an unforced emotional beauty that ranges from the hearty appeal and sentiment of the most fascinating flights of sophistication. She is an artist of force, fine diction, vocal nuance, and facial play, all of which she employs with telling effect in her fine interpretations.

Her opening group was a trio of French numbers, her second included Vaughan Williams' "Twilight of the Gods" (a very fine interpretation, on of old age), Hutchinson's "The Silver" and Rachmaninoff's movingly beautiful "To the Children," with its profound human appeal. Her last group included the negro folksong, "Little Daniel," the home-sick "Field of Ballyclare," and "Can Ye Sew Cullions?"

PLAYED BRILLIANTLY
Marguerite Devlin has given the most fascinating revelation of her pianistic gifts on at least two previous occasions since her return, and many of her numbers last night have been commented on with enthusiasm. She played brilliantly, with the sparkle, vivacity and finesse of the French school, among her loveliest things being the Gluck "Capriccio," Hummel "Rondeau," and the Chopin Fantasy Impromptu, which she added to her second group of Debussy and the two grotesquely interesting Debussy numbers, all of which were received with tumultuous applause.

E. Holloway proved a deserving accompanist in the vocal numbers.

Serious Waste in Public Funds Is Roundly Attacked

Mothers' Pensions Under Liberals Became Racket, Hon. Joshua Hinchliffe Declares—Unionists Say Turmoil Will Follow Disorderly Appeal by Many Parties Unless Judgment Used

"THE Mothers' Pension Act has been a godsend to many women in British Columbia, but that does not alter the fact that under the Liberal administration which brought it into effect it became almost a racket," Hon. Joshua Hinchliffe, Minister of Education, told a Victoria West audience last evening at a Unionist rally at Stanley Hall.

"Properly used, this act is a most wonderful thing, but it has been brought into disrepute because it was misapplied," the Minister declared, during the course of a detailed explanation of the origin of the statute, and what he said had been its misapplication at great expense to the taxpayers of the province. Mr. Hinchliffe made it clear from the start that he favored mothers' pensions, but not the abuse of the system by those entitled to its benefits.

FOUR CANDIDATES
The Minister of Education, Brigadier J. S. Brown, Colonel H. T. Goodland and Frederick J. Crowhurst, the four Unionist candidates in the city, were given an attentive hearing at the first appearance in the west end of the city. Alexander Monteith presided.

Mr. Hinchliffe credited the Liberals with introduction of the Mothers' Pensions Act in 1920, but said abuses arose from the start. Within five months of its inception, three times the number of cases anticipated in the first year had been established, for an outlay of \$118,000. For the first nine years of its operation under its own board, over \$5,000,000 had been expended without a single minute of the board to show its decisions, and with a total of 8,000 cases in receipt of pensions in that time.

WHITTON REPORT
The Minister cited the Charlotte Whitton report, made to the present Government in 1930-31, to show that the act had been used for a great variety of relief cases having nothing to do with its initial purpose. He said that the board had conspired with municipalities to foist unjustified costs on provincial taxpayers, in abuse of the powers of the act.

HIS WIFE HAD TO DRESS HIM

Disabled by Rheumatism in Shoulder

Put Right by Kruschen
When rheumatism gets a real hold on one, it often has very unpleasant results. How what a plight it put this man into!
"One year ago I was taken with rheumatism in my shoulder. I was so bad that my wife had to put on my stockings and shoes for me, and help me get my coat on. I took several kinds of medicine—with no results. Then I saw Kruschen Salts advertised, and decided to try them, with the result that I am rid of my rheumatism. So I cheerfully recommend Kruschen Salts to anyone who is bothered with rheumatism."—L.M.G.
The pain of rheumatism is caused by deposits of needle-pointed uric acid crystals in the muscles and joints. Dissolve these mischievous crystals and flush them out of the system, and your sufferings will be ended.
The effect of the six salts in Kruschen is to convert uric acid crystals into a harmless solution—and then pass them out of the body along with other waste products. Nor is that all. Kruschen's gentle aperient action ensures a condition of internal cleanliness, so free from all fermenting waste matter that no such body poisons as uric acid are ever able to accumulate and contaminate the blood-stream again.
Kruschen Salts is obtainable at all Drug Stores at 45c, and 75c, per bottle.

TO TEACH METHOD OF PROPER LIVING

Rev. Robert Connell Tells League for Social Reconstruction of C.C.F. Platform

It is the plan of the C.C.F., when once in control of the Provincial Legislature, to teach men, women and children how to live, enjoying themselves and the benefits of a country governed entirely in the interests of the workers, Rev. Robert Connell, C.C.F. candidate for honours in Victoria, told a meeting of sixty members of the British Columbia branch of the League for Social Reconstruction, in Macdonald's Hall, Fort Street, last night.

In answer to past charges that the C.C.F. would revolutionize the educational system of the province, introducing socialist teachings, the speaker pointed out that this action would be quite natural, as it would be necessary to teach children how to accustom themselves to living a life of co-operation.

Mr. Connell showed the similarity between many of the Liberal and C.C.F. platform planks. He explained this by telling the gathering that although the latter party had been branded as one of Communistic thought, even the Liberals realized the necessity of introduction of similar steps. The Liberals, however, the speaker explained, presented very moderate steps.

LIBERALS' PROPOSAL
In speaking on the Liberals' proposal to establish an economic council, with representatives from all lines of endeavor, including agriculture, labor, teaching profession, agriculture and industry, Mr. Connell predicted immediate failure. He declared the heads of the industries would not support such a council which had for its purpose the furthering of workers' interests and the curtailment of profits.

Farmers will receive special attention with the C.C.F. in power, the speaker went on. As the farmer is the best producer of the country, and without whom the country could not prosper, Mr. Connell said they would be assured of security of land tenure.

RESTRAINS FROM SHARE TRADING
Transactions Connected With Diatomic Company's Securities Form Subject of Action

In Supreme Court Chambers here yesterday, Mr. Justice D. A. McDonald heard an application made on behalf of the Attorney-General of the Province for an order restraining certain trading in the shares and other securities of the Canada Diatomic, Ltd., which has its headquarters in this city. J. R. McIlwaine, acting for William A. Lamington, and R. B. Yates, acting for Canada Diatomic, Ltd., and for Peter Johan Hatterman van Oudenol and John M. Potter, consented to the order.

This action is taken under the provision of the Securities Act upon an affidavit of H. G. Garrett, registrar of companies, and follows an investigation made by Mr. Haldane, acting for the department into certain transactions connected with employment of a staff.

The company was incorporated in 1928, with 100,000 of preferred shares and 150,000 ordinary shares of no par value. It was at first a public company and later converted into a private corporation. The Canada Diatomic Syndicate is an unregistered partnership and includes Peter J. Hatterman, van Oudenol and John M. Potter.

ADDS STIMULUS TO MOVEMENT

London Going "Oxford," Says Cable—House Party Opens Thursday

A cablegram, which was received in New York and was forwarded to Dean Quinlan yesterday, is expected to give added stimulus to the international house party of the Oxford Group Movement, that will be held here next week.

The message announces that the invasion for the first time of the City of London by this evangelistic movement has been successfully initiated. Following a reception at the Guildhall, at which the Lord Mayor spoke sympathetically of the proposed enterprise, the Archbishop of Canterbury welcomed the members to Lambeth Palace. Dr. Lang, according to the cable report, spoke informally for forty-five minutes, and which he "strikingly expressed the message and mission of the movement."

On Saturday last, a communion service was held in St. Paul's Cathedral in the presence of a congregation of 6,000 people. Dr. Frank Buchanan, the leader of the movement, presented a team of 600 to the Bishop of London, who designated them as missionaries for the coming campaign. Dean Inge read the lessons, and the Metropolitan of India preached. Four German leaders flew over for the occasion.

The cable, which was sent to Miss Eleanor Ford, who was one of the team that visited this city last Spring, states that "London is expected."

LOCAL MEETINGS
The local meetings will be opened by a reception at the Empress Hotel on Thursday evening, beginning at 8:30 o'clock, at which Mayor Leem-Donald will speak in words of welcome. The programme for Friday and Saturday will begin at 9 o'clock in the morning and will include a "quiet time" for all house party members, followed by Bible study from 10:15 to 11:15 o'clock. The gathering will then break up into separate groups. At 5 o'clock, there will be an hour devoted to open meetings for business men and women, and in the evening there will be a general public assembly.

On Sunday, about sixty visitors from the Mainland, Up-Island, the State of Washington and other parts of Canada and the United States, will speak in the city churches, some twenty-five of which have extended hospitality to the group members. The programme on Monday will follow the order of that of Friday and Saturday, with the exception that the closing meeting in the evening will be in the nature of a farewell, at which the speakers will devote themselves to the theme, "A Vision of the Future."

LIBERALS PLAN MANY MEETINGS

Eleven More Gatherings Are Slated Before Election—T. D. Pattullo to Speak

Three more major meetings and eight more ward meetings will be held by the four Liberal candidates in Victoria, it was announced, yesterday.

The next meeting in support of the four Liberal candidates will be held in the Royal Victoria Theatre next Tuesday, when T. D. Pattullo, leader of the Liberal party, will address the gathering.

After this meeting, four others will be held in the various wards, as follows: George Jay School, Oct. 19; Bank Street School, Oct. 19; South Park School, Oct. 20, and Victoria West School, Oct. 23.

On Tuesday, Oct. 24, another major meeting will be held in the Shrine Auditorium. This gathering will be addressed by Hon. Ian Mackenzie, Federal member for Vancouver Centre.

Four more ward meetings lead up to the final major meeting on the eve of election. These smaller meetings are as follows: Oakland School, Oct. 27; Margaret Jenkins School, Oct. 27; North Ward School, Oct. 30, and St. James Douglas School, Oct. 31.

The Liberal rally will be in the Royal Victoria Theatre on Wednesday, Nov. 1, when T. D. Pattullo and J. W. deB. Harris, K.C., of Vancouver, will be the speakers.

Two Injured in Head-On Train Crash

TWO trainmen were seriously injured and ten passengers were treated for shock in a crash at Fenton, Mich., between a Grand Trunk passenger train and a train of three switching engines. In the photograph one of the wrecked cars of the passenger train is seen lying crumpled atop a locomotive, where it was hurled by the impact of the collision.

ELEVEN WOMEN SEEK ELECTION

Eight Are Nominated in Vancouver Ridings by All Parties

VANCOUVER, Oct. 13 (CP).—Eleven women entered the British Columbia political race yesterday.

Mrs. Paul Smith, chairman of the Vancouver Board of School Trustees, is one of two Liberal candidates in Vancouver-Burrard, while Miss M. Outerhout is representing the C.C.F. and Mrs. Flora Hutton the United Front Party in the same riding.

FOR UNIONIST GOVT. In Vancouver-Point Grey Mrs. Alice Townley is standing for the Unionist Government, Mrs. Laura D. MacKay for the Independent Non-Partisan, and Mrs. R. P. Steeves for the C.C.F. As this is a three-member seat, it would be within the range of possibility for all three to be elected.

Vancouver-East has Mrs. Nora Leavy running for the Independent Non-Partisan and Mrs. Ethel Evans for the United Front.

IN OTHER RIDINGS Mrs. Agnes H. Mason, Independent, is a candidate in Victoria, and Mrs. Emily Crawford, an Independent in Peace River.

Miss E. W. Johnson is Liberal candidate in Burnaby.

One woman has been elected to the British Columbia Legislature before, and she became famous—Mrs. Mary Ellen Smith, who died this year. She became the first woman cabinet minister in the British Empire.

At the Theatres

BING CROSBY IS STAR AT CAPITOL

"Too Much Harmony" Includes Jack Oakie, Skeets Gallagher and Host of Notables

Croony and looney, Paramount's whirlwind musical, "Too Much Harmony" comes to the Capitol Theatre today.

Bing Crosby, as the romantic musical comedy star, provides not only his customary capable voice, but also adds to his rapidly-gathering acting laurels. A long list of noted comedians, including Jack Oakie, Skeets Gallagher, Harry Green, Ned Sparks and Sammy Cohen, provide the laughs, and there are plenty.

"Too Much Harmony" is the story of a musical comedy troupe between the finish of one season, and the start of the next. Love and laughter and song seem to be as much a part of the everyday life of the troupe as it is of their theatre life.

Outstanding in the film are two chorus numbers, "Buckin' the Wind" and "Black Moonlight." On the strength of these two spectacular routines, LeRoy Prinz can be stamped as one of Hollywood's best dance directors.

DOMINION James Dunn, Joan Theatre Bennett and Herbert Crookham, manager, 1044 Craigdarroch Road, for John Hart (Lib.); Edwin George Rowbottom, salesman, 1619 Wilmet Place, by Byron L. Johnson (Lib.); and Robert Wilfred Hartley, barrister, 1429 Elford Street, for Aid. W. H. Kinsman (Lib.).

Robert Graham Miller, accountant, 2050 Oak Bay Avenue, is acting for the four C.C.F. candidates, Rev. Robert Connell, W. B. Caird, V. R. Midgley and Capt. T. G. Sheppard.

INDEPENDENTS Herbert Boothman, journalist, 2211 Douglas Street, is acting for Dr. Clem Douglas (Ind.); Gordon Arthur Cameron, barrister, 1269 St. David Street, for Reginald Hayward (Ind.); David Grievie Tuckwell, journalist, 43 South Turner Street, for Aid. R. T. Williams (Ind.); and Hans Kroeger, 880 Craigflower Road, for Thomas Moir (U.F.).

Frederick Charles Elliott, barrister, 625 Fort Street, is agent for the non-Partisan Group candidates, W. J. Bower, K.C.; Aid. Walter Lums, George McGregor and Charles R. Bishop.

IN SAANICH William Oakes Wallace, of Brentwood Bay, is agent for Premier T. McInnis (U.); William Symons Butterfield, 475 6th Avenue, for Norman W. Whitaker (Lib.); S. S. Pelrice, Borden Avenue, for W. E. Pelrice (C.C.F.); while Reeve William Crouch (Ind.), will act for himself.

IN ESQUIMALT J. R. Saunders, 817 Dunsmuir Road, is acting for Hon. R. H. Pooley, K.C. (U.); J. Stuart Yates, Langford, is acting for C. E. Whitney-Griffiths (Lib.); John D. Mitchell, 855 Admirals Road, for Norman Brown (C.C.F.), and James Elrick (Ind.), for himself.

Robert Cassidy, K.C. (Con.); W. C. Moorsby, K.C. (Con.); Herbert Anscomb (Ind.); Mrs. Agnes H. Mason (Ind.); Alderman Andrew McGavin (Ind.); C. R. (Joseph) North (Ind.); Col. Louis Ross (Ind.); P. J. P. Slinott (Ind.), and J. H. Owen (Lib.), are acting for themselves.

A polling station will be established at Kapoor in the forthcoming election for the first time. In view of this fact, C. E. Whitney-Griffiths, Liberal candidate in the Esquimalt riding, held a meeting there this week, when he was supported by James Weir, former member of the Alberta Legislature, and Alan Chambers, of Victoria.

The treasurer of Oak Bay, in presenting his report to September 30 for 1933 to that date totaled \$256,844, and payments \$255,079. The latter did not include the full expenditure for the nine months, unpaid accounts for September material being \$5,644. The receipts were about \$15,000 below the receipts for the first nine months of 1932. The expenditure was also lower.

The greater part of the revenue for the year had already been received, while some heavy expenditures remained to be met. The treasurer considered that the receipts for the full year might fall a little below the estimates.

The percentage of current taxes received to date was 83.2. This compared favorably with percentages received elsewhere, but is the lowest Oak Bay has experienced for several years. The \$14,000 appropriation for relief was proving insufficient.

CURTAL ESTIMATES The council felt that, although the showing was reasonably satisfactory considering the times, steps should be taken to curtail some of the estimates of expenditures in order to provide further funds for unemployment relief and to offset a possible shortage in receipts. The engineer was instructed to bring in a report on curtailments in his department.

A special grant of \$1,500 to the Jubilee Hospital was ordered paid. This grant was provided for in the estimates for the year, and is in addition to the statutory obligation of seventy cents per day for each Oak Bay patient.

Liberal Candidates at Women's Forum Here

John Hart Outlines Proposed Scheme for Tax Relief If Pattullo Party Comes Into Power—Not Very Optimistic

"We do not approach the task with a great deal of optimism. There is not much money in the treasury. Conditions in the province are so severe it will be difficult to get money to remedy things. But it is time someone launched out on some clear-cut policy of developing the natural resources, building permanent roads, looking to the upbuilding of the province for the much larger population that will come with better times."

"With the wonderful resources that British Columbia contains, we should not be afraid to face action. The present administration says: 'Leave well enough alone; don't rock the boat!' But we want action; we want leadership; and the sooner we get it the better."

This outline of Liberal spirit was contained in the short address given by John Hart at the meeting of the Liberal Women's Forum yesterday afternoon. The three other Liberal candidates for Victoria, J. B. Clearhue, Ald. W. H. Kinsman and Byron Johnson, also were present, and very briefly spoke to the meeting, which was presided over by Mrs. Stuart Henderson.

SCHEME FOR RELIEF

Mr. Hart said that the Liberal platform today was the same as that adopted at the conference in Vancouver a year ago. He briefly outlined their proposed scheme for tax relief, clearance of the provincial debt, and alleviation of unemployment. This would be no slight task in view of the financial condition of the province, with an empty treasury and a public debt of ten and a half millions. He advised a refunding scheme where, by credit, would be loaned to defaulting taxpayers until such time as they could pay, and suggested that as a measure to reduce inter-

est charges on the present indebtedness of the province, British Columbia should ask credit from the Dominion Government to the amount of \$175,000,000, at a rate of interest about one-half of that at present paid. The province could exchange for this the bonds now in the hands of the holders. The wage-earner should not be called on to make any contribution to the upkeep of the debt, which should be taken from the natural resources of the province. Industries would not be affected. It was also suggested that part of the 50 per cent increase in the price of gold should be taken to alleviate the condition.

Mr. Hart pronounced himself as definitely against the debt, also as opposed to reckless spending of money in the creation of schemes to provide employment. Development of natural resources and permanent constructive improvements aimed at the opening up of the province were advocated instead.

NOT ECONOMY

J. B. Clearhue made a plea for education. At a time when there was a move towards economy, the tendency was to economize on social services and education. Economy of expenditure in connection with elementary education, particularly, was wrong.

Byron Johnson criticized the Government of the past three years as a "Wait and see" Government. The Liberals, if returned to office, would at least make a sincere effort to remedy things. Ald. W. H. Kinsman was confident the Liberals would celebrate victory on November 2.

The forum's business meeting included a report from Mrs. de Blacque on the recent meeting here addressed by Mrs. P. J. Smith, Vancouver Liberal candidate, and appreciation from Mrs. Smith for the message of congratulation sent her by the forum on her nomination.

Mrs. Chapman's recommendation that the organization procure a large printed version of "O Canada," to be hung in the rooms, was passed.

During the afternoon, Miss Doris Le Page, accompanied at the piano by Miss C. Shragel, played "The Jewels of the East," and Miss Evelyn Holt sang two numbers, "I Love Life" and "Dvorak's 'Songs My Mother Taught Me'."

Cricketers Plan Dance on Oct. 30

In response to the great number of requests, the Victoria Cricket Association has arranged to again run a series of dances at the Shrine Auditorium this winter. The first will be held on Monday, October 30, and will be a Halloween dance. The committee, headed by Mr. Douglas Fletcher, is making arrangements to have this the best yet.

Miriam Schwabe, the well-known young dancer, has consented to dance a specialty number. Refreshments will be served and a popular orchestra will render all the latest dance music, from 9 until 1 o'clock.

"What cured your wife's nervousness?" "Oh, doctor told her it was a sign of old age."

Delightful Dance Held By Yacht Club Juniors

Two Hundred Young People Attend "Friday the Thirteenth" Dance at Cadboro Bay—Decorations and Bright Balloons Effective

The ill-luck which traditionally attends Friday the thirteenth was entirely absent from the dance which was held last evening at the Royal Victoria Yacht Club by the Junior members, and about 200 guests attended the affair.

The music was excellent and the rooms were charmingly arranged with golden rods, Michaelmas daisies and bright autumn leaves. The club trophies adorned the mantelpiece on the main dance room and supper was served at 11 o'clock in the refreshment room upstairs, where masses of lovely flowers added to the attractive appearance of the tables. Balloons and streamers hung from the chandeliers.

The committee in charge of the dance included Miss Joan Campbell, Miss Dot Hinton and Mr. Horace Miller.

Among those present were Mrs. Wheatley, Mr. and Mrs. R. Tillyer, Mr. and Mrs. Hibberd, Mr. and Mrs. Kelson, Mr. and Mrs. Bulley, Mr. and Mrs. Clifford Adams, Mrs. Tomlin, Misses C. Jesse, Kathleen Grogan, Norma Porter, Lillian Harrison, G. Eleanor Smith, O. Lamberton, Dorothy Hinton, Barbara Kennedy, June Creaser, S. Clubs-Societies

Cowichan W.A.

There was a record attendance at the monthly meeting of the W.A. to the Cowichan Branch, Canadian Legion. Mrs. F. P. Hassell was welcomed as a new member. Mrs. S. Saunders, Albermarle, gave an interesting talk on India, and showed a number of sketches she had made while there. There were a number of useful articles on the quilting by the members for Winter relief cases, socks, sweaters and baby garments. Arrangements were made for Poppy Day. Mrs. George Ken- nett will be in charge, with Mrs. J. H. G. Palmer assisting. Arrangements were also made for a social at the end of the month. Tea hours were Mrs. J. L. A. Gibbs and Mrs. E. W. Carr-Hillson.

Britannia Branch L.A.

The Ladies' Auxiliary to the Britannia Branch, Canadian Legion, B.E.S.L., held its regular monthly meeting, with Mrs. Norris presiding. Much business was discussed, and a visit was paid by Mr. Stone, president of the parent branch, who gave an outline of the Armistice ball, to be held at the Shrine Hall, on November 10, also next year's convention, to be held in Portland, in June. Three new members were welcomed. It was arranged to hold a silver tea on Tuesday afternoon, October 24, at 3:30 o'clock; also a Halloween dance, on October 31. A good orchestra will be engaged. The annual Christmas bazaar will be held the first week in December, with Mrs. Moon as the convener.

St. Joseph's Senior W.A.

Arrangements for the bazaar, to be held on November 11, by the St. Joseph's W.A., were made at the regular meeting held yesterday afternoon. Home cooking, fancywork, gifts for Christmas, and booklets and contests will be among the stalls to be featured this year. Conveners were appointed, yesterday, to take charge of the various tables.

Girls' Orange Lodge

The regular meeting of the Girls' Orange Lodge will be held at the Orange Hall today at 2:30 p.m., and all girls are requested to attend. At 3:30 p.m. the meeting will be open to sisters and parents of the members. The speaker will be Rev. A. deB. Owen. The meeting will be followed by a silver tea.

Pro Patria W.A.

The Women's Auxiliary, Pro Patria Branch, Canadian Legion, held its regular monthly meeting on Monday evening, at 7:30 o'clock. At 8:30, Mrs. Ogilvie, president of the California State Command, will address the members. Members of the T.V.D. and Britannia Auxiliaries are invited to hear Mrs. Ogilvie.

Seamen's Institute

Volunteer knitters, wishing to work for the Connaught Seamen's Institute during the Winter months, will be supplied with wool for making socks, jerseys, scarves, and mittens, if they will telephone Miss de Trafford, after 7 p.m., at E 3459.

King's Daughters

The Ready-to-Help Circle, of the King's Daughters, will meet on Monday afternoon, at 3 o'clock, in the rest room.

Metochosin

Miss Dorothy Taylor, R.N., who has been the guest of her mother, Mrs. A. B. Taylor, has returned to Rock Bay, to take up her duties there.

Married Here Recently

A RECENT bride was Miss Marguerite Matte, daughter of Mrs. J. A. Gauthier, of Victoria, and the late Mr. Matte, of Quebec, who was married to Mr. George Leslie Griffin, son of Mr. and Mrs. W. H. Griffin, Quadra Street. The wedding took place at St. John's Church.

Social and Personal Notes

Party for Bride-Elect

Mrs. Judy Moraes entertained last evening at a miscellaneous shower given in honor of Miss Margaret Connor, at the residence of Mrs. W. Lattanzi, on North Park street. Miss Connor was the recipient of many lovely gifts, which were presented to her in a large basket prettily decorated with blue and pink. Games were played during the evening and later a buffet supper was served from a table arranged with a silver basket of pale pink gladioli, lighted by pink candles in silver candelabra. The guests included: Mesdames Harrison, K. Heron, Sargent, Thompson, Balanco, Merally, Roscamp and Misses E. Holmes, K. Law, M. Lattanzi, L. Holmes, B. Kennedy, W. Wormald, J. Murray, J. Holmes, S. Manning, L. Zarelli, R. Bradley, M. Minnis, B. Minnis, I. Webster, R. Webster, G. Bray, I. Ashion, I. Thompson, G. Thompson, K. Torrence, A. Balanco, C. Wood, D. Wood, B. Nicholas, W. Brown and others.

In Art Display

Victorians will be interested to hear that the recent Fine Arts Exhibition at the Nova Scotia Provincial Exhibition had two former Victorians among the artists, Commander and Mrs. F. R. W. Gow. Mrs. Gow was formerly Miss Jean Donald, daughter of Dr. and Mrs. David Donald, of Victoria. According to a Halifax paper, the entries, this year, increased in numbers, making it necessary to increase the space devoted to the art display. The pictures were of unusually high quality and among the exhibitors, in addition to Commander and Mrs. Gow, were Miss M. Covey, of Government House; Jean Corlett, of Government House; Margaret Currie, daughter of Commander and Mrs. Currie, former Victorians.

Afternoon Hostess

Miss Daphne Allen, Newport Avenue, was a charming tea hostess, yesterday afternoon, when she entertained a number of her friends. The hostess, which is being shown by young people in various branches of church, hospital and general welfare agencies, and the auxiliaries which have been formed by numbers of young women are doing much in lightening the task which falls upon the older workers.

One of the most energetic groups, in point of time, is the Junior Auxiliary of the Victorian Order of Nurses, which was organized almost a year ago, and which held its first gathering to raise funds last evening.

ENERGETIC MEMBERS

Miss Kathleen Wilson, the president; Miss Jean Gillespie, vice-president; Miss Margaret Merrick, secretary and Miss Marianne Fraser, Treasurer. There are nineteen members and the keenest interest is being taken in the work. Meetings are held each month and the girls have already made a large quantity of baby clothing and layettes for the V.O.N. In addition to the sewing meetings, help is given by the members at the Well-Baby Clinic at the City Hall each week, where the nurses find ready and efficient co-operation in the various duties connected with the weighing of the babies, etc.

TELEPHONE BRIDGE

The party last night was a telephone bridge, eight tables being in progress at the home of Miss Willson, at the corner of Charles and Wilson streets, St. Charles Street, and five at the home of Miss Fraser's parents, Mr. and Mrs. Gilbert O. Fraser, Despard Avenue.

WHEN WORLDS COLLIDE

By EDWIN BALMER & PHILIP WILK

CHAPTER XXXVI

"Here are you and I, Tony, here," Eve stooped to the ground and touched it; the dry fibre of a lichen-like grass was between her fingers. She pulled it, and stood with it in her hand. They had seen it, they both remembered: it was that had made the ground brown in the light of the dying day.

"This was green and fresh, Tony, perhaps ten million years ago; perhaps a hundred million. Then the dark and cold came, the very air froze and preserved it. Do you suppose our cattle could eat it?"

"Why not?" said Tony.

"What else may be here, Tony? How can we wait for the day?"

"We aren't waiting."

"No, we're not," for they were waiting hand in hand like children over the bare, rough ground. The amazing aura of this strange world lighted them, and the soil smoothed, suddenly, the very air felt. The change was so abrupt that it made them stare down, and they saw what had been stumbling upon, and they cried out together: "A road!"

The ribbon of it ran right and left—not clear and straight, for it had been washed over and blown over, but it was, beyond any doubt, a road. Made by what hands and for what feet? Whence and whither did it run?

A hundred million years ago!

The clock of eternity ticked with the click of their heels on this hard ribbon of road, as they turned hand in hand, and followed it toward the aurora.

"Where were they," said Tony, almost as if the souls of those a hundred million years dead might hear, "when they were whirled away from their sun? What stage had they reached? Is this one of their Roman roads on which one of their Varros was marching his men to meet a Hannibal at Bronson Beta's Canaan? What was at one end—and what still awaits us there? A Nineveh of Sargon saved for us by the dark and cold? Or was this a motor road to a city like our Paris of a year ago? Or was it a track for some vehicle we would have invented in a thousand more years? And is the city which we'll find a city we'd never dreamed of? Whatever it was, their fate left it for us; whereas our fate—the fate of our world—He stopped."

"I was thinking about it," said Eve. "Out there is space—in scattered stones circling in orbits of their own about the sun; the Pyramids and the Empire State Building, the Washington Monument and the Tomb of Napoleon, the Arch of Triumph. The last and the most famous. Here the other thing happened—the other fate that could have been ours if the world had escaped the cataclysm. What sort were they who faced it here, Tony? Human, with bodies like our own? Or with souls like our own, but other shapes?"

"On this road," said Tony, "this road, perhaps, we'll see."

"And learn how they faced it, too, Tony, the coming dark and the cold. I think, if I had the choice, I'd prefer the cataclysm."

"But you believe our world was better off?"

"Perhaps I wouldn't have—if I had stayed," amended Eve. "What happened here at least left their world behind them for us."

"Come here," drawing her close, he clasped her, and himself quivering, he could feel her trembling terribly. He kissed her, and her lips were hot on his. A little agitated, they dropped away.

"We seem to have brought the world with us. I can never give you up, Eve, or share you with anyone else."

"We're too fresh from the world, Tony, to know. We've a faith to keep with—"

"With whom? Your father?"

"With fate—and the future. Let's go on, Tony. See, the road turns."

"Yes?"

"What's that?"

"Where?"

She moved off the road to the right, where stood something too square and straight-edged to be natural. Scarcely breathing, they touched it, and found metal with a cold, smooth surface indented under their fingertips.

"A monument!" said Tony, and he burned a match. The little yellow flame lighted characters engraved into the metal—characters like none either of them had ever seen before, but which proclaimed themselves symbols of meaning.

Swiftly Tony searched the two faces of the metal; but nothing that could possibly be a portrait adorned it. There were decorations of strange beauty and symmetry. Amazing that no one, in all the generations and in all the nations of the world, had drawn a decoration like this. It was not like the Chinese, or Mayan, or Egyptian, Greek or Roman, or French, or German; but different from each and all.

Tony caught his breath sharply as he traced it with his fingers.

"They had an artist, Eve," he said.

"With five hundred million years of evolution behind him."

"Yes. How beautifully this writing is engraved. Will we ever read it? . . . Come on. Come on."

But the monument, if it was that, stood alone, and consideration of others, if not of prudency, dictated that they return.

But they did not re-enter the ship. Duquesne was determined to spend the first night on the ground; and Henderson and James agreed with him. James had dragged out blankets from the Ark, and the five lay down on the ground of the new planet. And some of them slept.

Tony opened his eyes. The sun was rising into a sky not blue, but jade green. A deep, bewildering color—the color of Bronson Beta's celestial canopy. There would be no more human beings who wrote poetry about the blue sky.

Tony lifted himself on his elbow. Below him the sea also was green, it had been grey on the screen yesterday. But an emerald ocean was more familiar than an emerald sky. He watched the white water roll on the summit of swells until it was dispersed by the brown cliff. He looked back at the Ark. It stood mysteriously on the landscape—a perpendicular cylinder, shining and marvelous, enormously foreign to the bare, brilliant landscape. Behind it the chocolate-colored mountains stretched into opalescent no-man's-land, the mountain into which the road ran, the road beside which

stood the steel adorned by a decoration like nothing else that had been seen in the world.

Tony regarded his companions, hunched on sleep on a curved arm. His flashing eyes were closed. His hair, now almost white, was disheveled on his white forehead. Beside him like three of the greatest men produced on the twentieth century on the earth.

Tony watched Eve as she gazed at the anxiously maternal. To be a mother in actuality, to become a mother of men, was to be her role, on this reawakened world.

As she awoke, she was to be a mother of men, so as to disturb none of the others, Tony caught her hand with a tenderness. They set off toward their road together.

Suddenly Tony saw something that took the breath from his lungs. It was a tiny thing—on the ground. A mere splash of color. He hurried toward it, not believing his eyes. He lay down and stared at it. In a slight damp depression was a patch of moss the size of his hand.

He lay prone to examine it as Eve stooped beside him in excitement like his own. He did not know mosses—the vegetation resembled any other moss on earth. He recollected the hope that spores, which could exist in temperate climates to absolute zero for long periods, had preserved on Bronson Beta the power to germinate.

Mosses came on earth—from spores, and here, reawakened by the sun, was a remnant of life that had existed eons ago, light-years away.

Tony jumped up and ran about on the terrain; a few feet away Eve stooped again. Other plants were burgeoning. Mosses, ferns, fungi, vegetation of species he could not classify, but some surely represented growths larger than mere mosses.

He heard Eve's hands and his own, and together they ran back to the three who were staring, as they earlier had gazed, at the green sky. Then Duquesne saw what Eve and Tony held. "Sacre hom de Dieu!"

He leaped to his feet. Henderson and James were beside him.

With one accord they rushed toward the Space Ship. "Get Higgins!" Henderson shouted. "He'll go mad! Think of it! A whole new world to classify! . . . And it means that we will live!"

Before they reached the sides of the ship, the lock opened. The gangplank dropped to earth. Von Belts appeared in the aperture, and Henderson shouted to him the news. People poured from the Ark; they stepped upon the new soil. They waved their arms. They stared at the hills, the sea. They breathed deep of the air. They handled the mosses and ran about finding more of their own. They shouted, sang, they laughed and danced.

The first day on the new earth had begun.

The End

Rev. M. Billester Will Preach at Morning Service

Well-Known Professional Baseball Player Finds His Boy on Eve of Trial

SACRAMENTO, Cal., Oct. 13 (CP).—Frank "Cy" Forsythe, well known as a professional baseball player in

Western Canada with the old Western Canada League, has identified Roy Mann, twenty-two, held in jail here on a murder charge, as his son who had been missing for eighteen years.

Forsythe left his motherless four-year-old boy with a family in Topeka, Kas., while he went to Omaha to play in the Western League eighteen years ago.

At the end of the season, when Forsythe returned to Topeka, the couple he entrusted with his baby had moved and he could never find

a trace of the child or guardians. After he quit baseball, he obtained employment at a hospital. A newspaper picture of Mann led him to visit the jail.

Forsythe promised his son he would fight to the last to save him from the gallows. Mann's trial on the charge of slaying Helen Lee near Roseville last August will begin next Tuesday.

Elks Club Hosts To Children of City Orphanage

The thirty-nine boys and girls of
the Protestant Orphanage had an
enjoyable day, Thursday, when they
were guests of the local Elks Club
at that organization's ninth an-
nual entertainment for the chil-
dren.

In the afternoon the kiddies were
taken to a moving picture show,
and later returned to the Elks'
lodge, where supper was
served. Games, songs and other
amusements occupied the children's
attention during the evening.
Robert Malcolm, chairman of the
local lodge's entertainment com-
mittee, was in charge. Thomas
Caunt led community singing, with
Ozell Heaton at the piano.
Instead of doing things today, the
wise man did them yesterday.

What Today Means

"LIBRA"

If October 14 is your birthday, the
best hours for you on this date are
from 8 to 9:30 a.m., from 1:30 to
2 p.m., and from 7:30 to 8:30 p.m.
The danger periods are from 11 a.m.
to 12 noon, from 3 to 4 p.m., and
from 9:45 to 10:15 p.m.
You will probably feel restless on
this date and will find it difficult

to dig into your work; nothing of
a lasting nature will be accom-
plished. People will be inclined to
race through their conversations
and you will find it difficult to get
a word in edgewise. You will not
get much attention from your chil-
dren.
The child born on this October 14
will waste a great deal of time and
will not show an active interest in
things about him; he will probably
be much the dreamer, though it
will be difficult at times to tell if
he is thinking about anything at all.

Will probably have a great love for
animals and will enjoy life in the
country.
If October 14 is the date of your
birth, in your untroubled and un-
troubled way you will accomplish a
great deal more than many who
create a great furor as they go
about their daily duties. You are a
thoroughly dependable person; once
you say you will do a thing, it is
as good as done. You take a great
deal of pains with all that you do
and never do you slight details. The
women have usable fingers and

many of them do surprisingly fine
needlework, some of them gaining a
livelihood in that manner. These
people are never idle a moment, and
even when they all down to rest
they are actively engaged in mental
labors, planning and figuring out
things.
Born on October 14, you probably
are a person of judgment; even
about your own problems and can
be most unbiased. You despise
trickery of any sort and people who
are not absolutely above board in
all they do cannot be friends of

yours. It is possible that you are
extremely sensitive; often your feel-
ings are hurt solely through an
imaginary slight. You are not the
type to go out and make many
friends; most of your intimates are
those who have sought you out.
Many come to you with their con-
fidences. These you keep faithfully,
and to the best of your ability you
give advice, but only when it is
called for. You are the type of per-
son whose family will centre about
you, not because of any willing it
on your part, but simply because

you are you. Few people will ever
try to put over anything on you.

STAR WITTY ENTERS MARATHON SWIM SUNDAY

New Westminster Evens Up Canadian Lacrosse Series With Hamilton Salmonbellies Rally

In Last Quarter to Win Out by 12-10

Haddie Stoddard Is Hero of Exciting Game Before 3,000 Spectators—Final Game Billed for Monday Night at Vancouver

QUEEN'S PARK ARENA, New Westminster, Oct. 13 (CP).—Westminster rallied a second time tonight to turn back the Tigers of Hamilton, when in a final dramatic fourth quarter they scored four goals to win 12 to 10. The Dominion lacrosse championship series is now tied up, with both teams having won two games each. The final deciding game will be played Monday night, at Vancouver.

Haddie Stoddard, battle-scarred veteran of Western lacrosse, was acclaimed by 3,000 raring Westminster fans at the conclusion of the game tonight. It was Haddie who finally turned the tide, scoring two goals in the last three minutes of play.

With the score at the end of the third 8 to 6 in favor of the Tigers, the Salmonbellies fought a last-

ditch battle to hold and recover a game which was apparently lost.

THREE QUICK GOALS
Less than four minutes from the end Jack Worthly sent the Tigers into the lead, 10-9, and then when Hamilton had apparently put the game away, Davey and then Stoddard scored between them three goals which switched the lead.

It was a hard-fought game throughout. For Westminster leading goal scorers were Davey and Lewis with three apiece; Vernon, Atkinson, Stoddard with two each. Ray Baker netted the odd one. Hamilton's attack was led by "Peck" O'Malley and Hurl Kelly. These two Irishmen scored two each, were responsible for many another score. Other scorers for them were Downey, Rehner and Wilson.

PEDEN AND AUDY SLIP FOUR LAPS

Local Bike Rider and Eastern Mate Now Riding in Sixth Position

MONTREAL, Oct. 13 (CP).—The period of tense riding which preceded the final lap of the 2,000-mile race descended on the field at the Forum here tonight as the band of twenty-four iron-willed riders pedaled into the 11th hour and passed the 2,000-mile mark.

There was little change in the standing other than the slipping of two favored teams to four laps behind the leaders. They were Torchy Peden (Victoria), Jules Audy (Montreal), and Piet van Kempen (Holland), Polly Parrott (Victoria).

At the head of the band rode grim-faced young Pierre Gachon, Montreal, and his Detroit mate, Freddie Olevaire. The youngsters, the surprise of the race, held tenaciously to their lead through early-evening jamming.

Remember When

(Twenty-Five Years Ago)

That the local popularity of cricket is firmly established is convincingly proven by the fact that the Albion Club, although newly organized, and despite the fact that it was subjected to much expense in the laying out of new grounds, and the building of a pavilion at Beacon Hill, is able to report that the past season has been no less successful from all standpoints as to have exceeded all anticipations. The squad played sixteen fixtures during the season, winning six, losing nine, and drew one. Briggs won the batting honors of the club, while Barclough headed the bowling with a fine average.

Nanaimo scored a decisive victory over their home grounds, yesterday afternoon, by downing Seattle foot-ballers in an inter-city fixture in the Pacific Coast League, by a 9-1 score. The local City squad was in rare form and gave the home crowd a fine display of passing game and took a commanding lead over the Sound City eleven early in the match. Nanaimo led at the half-way mark by four goals to one, and then went out and ran in five more markers in the final half without a return. Nanaimo lined up as follows: Rogers, Graham, Hewitt, Farmer, McEwan, Sawyers, Grukananks, Hopner, Mitchell, Murren, and Blundell.

The granting of Seattle's application to enter a team, the drafting of a schedule of matches for the Pacific Northwest championship, and the announcement by Col. Prior, in a communication, that he would offer a handsome cup for competition, were features of the annual meeting of the British Columbia Grass Hockey Union, which was held in the Balmoral Hotel. After the usual routine of business, the election of officers took place, with the following results: Honorary president, Col. E. G. Prior; honorary vice-president, W. Waterhouse, Captain Macdonald, and J. P. Richards; president, G. Gillespie; vice-president, Captain Hughes, and F. Bucher; secretary-treasurer, C. J. Paget-Ford; executive committee, G. Melhuish, Sergeant Jones, John Hart, and W. Waterhouse.

Hockey Fixture Is Carded Today At Mount Tolmie

The Victoria Grass Hockey Club will journey to Mount Tolmie this afternoon to meet the University School in an exhibition fixture at 2:30 o'clock. Both squads will be at full strength and a close tussle is expected. Victoria will line up as follows: Weaver, Grant, Farmer, Hinton, Williams, Lay, C. Clarke, Hodgson, Parr, Dyer and C. S. Clarke.

WANDERERS RUGGERS TO FACE BRENTWOOD

The Wanderers Intermediate Rugby fifteen will journey to Brentwood this afternoon to play the Collegeians in an exhibition fixture. The following will make the trip: Cook, Crump, Wheelton, Grogan, Wilson, F. Shepherd, Ryall, Mason, Linklater, Latta, Coombs, Weight, Waite, J. Shephard, McConen, and Reserves Findlay and Pangman.

DEALATS WIN FROM LAKE HILL CAGERS

Dealats scored a 31 to 30 victory over the Lake Hill K. of P. quintette, last night, on the latter's home fixture in an exhibition basketball game after five minutes of overtime. In the first game, Lake Hill girls won from First United Terriers by a 28 to 4 score.

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON
A Record Student—Dr. Felix E. Etcheegoyen while studying at the Federal Law School in Buenos Aires, Argentina, in twenty-four months of intensive study completed a six-year legal course, a two-year diplomatic course and all the studies required for a consular career. During these twenty-four months ending in July, 1915, Dr. Etcheegoyen studied fifteen hours a day, including Sundays and holidays. This great achievement is rendered even more remarkable by the strict requirements obligatory in Latin-American schools. The suggestion, supported by proof, was submitted by Dr. Etcheegoyen's son, Senior Felix P. Etcheegoyen, of Guayaquil, Entre Rios, Argentina.

Bottle Trees—The Australian Bottle Tree (Stroculia Rupestris) is so called from the bottle-like shape of its trunk. The branches grow from the mouth of the bottle. The wood is brittle and short, but the stems contain much water which is eagerly sought by natives and travelers.

JOAN RIDLEY WINS NET CHAMPIONSHIP IN DECISIVE STYLE

WHITE SULPHUR SPRINGS, W. Va., Oct. 13 (AP).—The characteristic British steadiness of Joan Ridley, of London, more than offset the spectacular rallies of her youthful American opponent, Anne Page, of Philadelphia, today, in the finals of the annual Greenbrier Autumn tennis championship. Miss Ridley won in straight sets, 6-3, 6-4, successfully defending the title she took last year.

TWO YOUNG PLAYERS RELEASED BY CUBS

CHICAGO, Oct. 13 (AP).—Chicago Cubs today released outright two young players, who once were figured to star within their ranks. Harry Taylor, a first baseman obtained from Seattle, of the Pacific Coast League, in 1931, at a reported price of \$50,000, was released outright to the Cub farm at Albany, of the International League. Outfielder Mike Kreevich, obtained from Des Moines, of the Western League, in 1931, was released to Kansas City, of the American Association.

Tennis Queens Home

WITH the arrival in Berkeley, California, of Helen Jacobs, national woman's tennis champion, and with Mrs. Helen Wills Moody returning to her home in San Francisco from a month's rest in a hospital, the queen and the dowager queen of tennis are back in "old familiar territory." The first comment made by Miss Jacobs on her return was to inquire how Mrs. Moody was. "Helen Wills was perfectly justified in what she did," Miss Jacobs beamed, referring to the defaulting of the title to her by Mrs. Moody because of a back injury. "How is she getting along?" Miss Jacobs asked. The perennial tennis foe will probably meet soon again on the courts of their favorite tennis clubs in the bay region. They are pictured above just before the championship match last summer on Long Island.

Crescents Sell Three Players To Boston Club

CALGARY, Oct. 14 (CP).—Three players of Saskatoon Crescents, in the Western Canada Professional Hockey League last winter, have been sold to Boston Bruins. They are Andy Mulligan, defence, and Hank Dyck and Charlie Mason, forwards.

MRS. H. F. CROWE AND MRS. WILLIS MEDAL WINNERS

Mrs. H. F. Crowe won the class "A" monthly medal, played at Royal Cowfold Club, yesterday, when she carded a fine gross 99, which her handicap of 19 reduced to a net 80. Mrs. C. W. Willis was the winner in class "B" with 109-23-86.

Wanderers to Work Out

The Oak Bay Wanderers Rugby squad will hold a workout at Oak Bay Park this afternoon at 3 o'clock. All of last year's players are asked to turn out.

BAYS TO PRACTISE

J.B.A.A. Senior B Rugby team will hold a practice at the small ground at Oak Bay, this afternoon at 3 o'clock. All of last year's players and any others seeking a tryout are asked to attend.

SCOTTISH WORK OUT

The Canadian Scottish senior and intermediate teams will hold a practice, Sunday morning, at Central Park, at 10:30 o'clock. All players are asked to be on hand.

A pompous doctor, who was spending a holiday in Scotland, took his dinner with a family in which the mother spoke with a broad accent. A roast fowl was one of the good things provided. When the course was over, the mistress said to the maid: "Mary, tak' awa' the fowl."
"I presume, madam, you mean the fowl," said the doctor reprovingly.
"Oh, well," returned the old lady, somewhat nettled, "no be it. Mary tak' awa' the fowl and let the fowl remain."

Ontario Branch To Keep Eye on Moving Athletes

TORONTO, Oct. 13 (CP).—Track and field athletes who jump from one club to another with unseemly expedience will be considerably slowed down in future as a result of a new ruling of the Ontario Branch, Amateur Athletic Union of Canada.

At the annual meeting, last night, a resolution was passed whereby any athlete who wishes to compete in the Ontario championships must reside in the place his club represents at least two months immediately prior to the meet.

Another clause in the resolution says only one transfer will be allowed in twelve months, the year dating from the time the athlete joined the original club.

Victoria Boy Will Seek Honors in First Attempt At Swim to Port Angeles

MACCABEES TO MEET RANGERS TOMORROW

Maccabees and Outer Wharf Rangers will meet in a friendly soccer game tomorrow morning at Lower Beacon Hill Park at 10:30 o'clock. Maccabees will line-up as follows: Wilmshurst, T. Graves, Speller, W. Graves, Fieldhouse, Hill, D. Newell, Stewart, Roberts, Campbell, Olsson, Noble, Woolcock, Peirford and Richards. Players are asked to meet at the grounds at 10:15 o'clock.

MERALOMAS AND ROYALS MEET TODAY

First Game of Final B.C. Grid Play-Offs Carded at Vancouver

WINNIPEG, Oct. 13 (CP).—Two pre-season favorites go into action in crucial football encounters Saturday in two Western Canadian provinces, while on two other sectors, an exhibition encounter and an ordinary league fixture will be decided.

Last season's Prairie champions, Regina Rough-Riders, meet Moose Jaw Millers in an encounter that may make history in Western Canadian Rugby circles. The Millers, who have decisively downed Saskatoon Hilltops and University of Saskatchewan, are slight favorites to win against the Riders, since the Regina will be minus the direction of Austin DeFrute, star quarterback. Should the Millers win, it will tie up the Saskatchewan loop and necessitate a play-off.

The other Saskatchewan fixture is billed between University of Saskatchewan and Saskatoon Hilltops, which will be more of a grudge fight.

TEAMS IN TIE

Calgary Altamoras will play host to Alberta University from Edmonton in a series that will probably decide the issue. Both teams are tied with one game apiece.

On the Pacific slope, Vancouver's Meralomas, present leaders in the Pacific group, meet New Westminster in the only week-end senior encounter in British Columbia.

It is the first of a two-game point series, which will determine the team to meet the Alberta finalists in play-downs for the Western Canada championship.

At Winnipeg, the already-crowned Manitoba champions, the Winnipeggers, entertain a strong University of South Dakota eleven in an exhibition meet.

USED TO COLD WATER

Witty is used to the cold water of the Pacific, and did most of his training for his trials at Toronto, and around Victoria. He states he is a cold water swimmer, and that the high temperature of Lake Ontario, which was 76 at the time of the last race, was too warm for him.

Witty was born and raised in Victoria. He is twenty years of age and weighs 184 pounds. He is

Harold B. Elworthy, of Island Tug & Barge Company, Makes It Possible for Local Swimmer to Compete in Grueling Test Against Roland Tegtmeier on Sunday

Sian Witty, one of Victoria's best marathon swimmers, will attempt to conquer the eighteen-mile stretch between here and Port Angeles Sunday, along with Roland Tegtmeier, powerful aquatic star from Tacoma. Witty told The Colonist last night that he would try the swim if he could get a boat to accompany him, and when Harold B. Elworthy, general manager of the Island Tug & Barge Company, was informed, he immediately stated

ROLAND TEGTMEIER

that he would furnish a boat and give Witty all the help that he could possibly do.

Mr. Elworthy also stated that he would seek permission from the Radio-Telegraph Branch of the Department of Marine and Fisheries to broadcast the progress of the swim from his tugboat. All of the Island Tug & Barge Company's boats are equipped with radio-broadcasting sets, and it is hoped that permission will be granted by the department.

The generous offer of Mr. Elworthy makes it possible to bring an international aspect into the first attempt which has ever been made to beat the perilous miles, under currents and icy waters of the Strait of Juan de Fuca.

And the English Channel, state that the stretch of water between Victoria and Port Angeles is one of the most treacherous of any, and that the cold water will be one of the severest tests that a human being can enter.

According to information, water in the Gulf varies very slightly, in the warmest day of Summer and the coldest of Winter. A degree difference the whole year around. Temperatures range between 45 and 50 degrees Fahrenheit in the Gulf the whole year.

Witty is an experienced marathon swimmer and twice completed in the fifteen-mile event at Toronto Exhibition, last year. He made a fine showing, but did not finish in the money, while this year he swam thirteen and a half miles before he was taken from the water. It was not from exhaustion that Witty was pulled out this Summer, the rules of the race being that when all prize winners had been declared others must be taken from the water.

Witty was born and raised in Victoria. He is twenty years of age and weighs 184 pounds. He is

about five foot eight inches, with a pair of shoulders like an ox. He is confident that he will be able to make the grade.

The record of Roland Tegtmeier is a good one. He is thirty-four years of age and has been swimming since he was a child. He became internationally known by his great showing in the Wrigley Marathons at Toronto in 1929 and 1930. He won a fifty-two mile swim down the St. Lawrence River in 1930, and took part in the last Toronto exhibition marathon and the Chicago fifteen-mile event. Tegtmeier knows Witty well and was greatly pleased when informed that he would be in the swim.

Henry Foss, Tacoma, will send his yacht to accompany Tegtmeier. Mr. Foss, like Mr. Elworthy, is keenly interested in the swim.

HEAVY GRID PROGRAMME SET TODAY

Tigers to Meet Wheelers—Toronto Varsity and Western Carded

TORONTO, Oct. 13 (CP).—The touchdown tussle, to be beaten tomorrow across the Eastern parade ground of football, will be the re-revelation of the most serious gridiron grumblers since last November. The second round of ammunition for release in 1933 may carry almost complete disaster for fully half of the East's dozen senior teams.

They touched off the first explosion in the "Big Four," the Inter-Collegiate and Ontario Union's week ago, and it wrecked Hamilton's hopes of an uninterrupted march to another Canadian championship by the Tigers. Another setback like tomorrow, at Montreal, and the Bengals will be on their way to a permanent position at the starting line.

It sent Toronto Argonauts down to a second-half defeat at the hands of Montreal, and put Ab Box, main cog in the Sculler attacking machinery, in hospital and out of competition for at least two weeks. As a result, Argos face Ottawa in the second game of the Big Four series at Ottawa without a backer to compare with Box or Abe Ellowitz, Michigan Stater, who boots for the Roughriders.

TORONTO VS. WESTERN

Feature of the Inter-Collegiate card is the University of Toronto Western tilt here. Both won their opening games, Varsity by 8-0 over McGill, and Western by 5-3 over Queen's. With Kenney back on secondary defence, the Mustangs of Joe Breen loom as a much harder team to beat than they did in pre-schedule contests.

Queen's are strong favorites to defeat McGill.

Barnia Imperialis, playing at home for the first time this season, are regarded as certain to win from the inexperienced St. Michael's College team, but there is nothing certain about the Hamilton Cubs' Balm Beach contest, at Hamilton.

BILLIARDS

Scoring a pair of clear-cut victories, Army and Navy "B" billiard team scored a 488-422 win over Britannia Post in the Interservice Billiard League. Olding and Buddell chalked up decisions for the winners, while Payne and Watt came through for the losers.

Close victories by Jim Thornbrow and Percy Fitzsimmons brought Pro Patria to a 741-668 win over Veterans of France, in the "A" division of the Interservice Billiard League last night. C. Crawford scored the Vets' lone decision, winning from Sam Oakes by nine points. In the "C" division, Pro Patria Somme squad defeated Army and Navy "D," 458-419.

Stocks Drop and Bonds Advance At Wall Street

NEW YORK, Oct. 13 (AP).—Financial markets today had their first opportunity to express reactions to the Government's fourth liberty loan refunding offer. That expression was a slump in speculative values, a strengthening in high-grade bonds and a sharp advance by the United States dollar, trends that conformed closely to the accepted pattern for markets which had lost some of their inflationary props.

Blocks and commodities weakened, coincident with a 5-cent break in wheat, proportionate declines in other grains and a steady climb by the dollar. Share trading was of moderate proportions—1,264,405 shares.

Losses of many leaders held in one to two points range; some dropped as much as half-a-dozen points, and several were off three or thereabouts.

United States Smelting flopped the better part of seven points. Allied Chemical was down six points. New York Central, United States Industrial Alcohol, Celanese, Industrial Rayon, Cerro de Pasco and American Smelting yielded more than three points.

That Body of Yours

By James W. Barton, M.D.

THE HEALTH PHYSICIAN

Physicians for insurance companies are very careful whom they accept as risks, because every case that dies sooner than they expect means just that much loss to the insurance company. If they are in doubt about accepting a candidate for insurance they may accept him but charge him a higher rate, that is, charge him the amount they would charge on an older individual. Now insurance is a matter of life or death, but many who are accepted for insurance do not enjoy as good health as some that are rejected, that is, they are not eager or as able to do work as an individual who has been rejected for insurance because of some disability, such as heart, kidney, or blood vessel ailments.

The thought then is that good health doesn't just mean freedom from any serious ailment; good health means the enjoyment of life—of food, of rest, of exercise or work.

Dr. W. R. P. Emerson, Tufts College of Medicine, Boston, claims that the chief obstacle to health work is the persistent idea that if a person is not sick, he is well, which prevents the physician from entering the field of health in the same scientific spirit in which he meets the problems of disease.

In other words, every individual should be brought to his or her best physical condition, so that eating, sleeping, playing, working, should all give enjoyment. Many people who work every day, who will tell you that they are not sick, do not enjoy fully, if at all, any of these daily life habits.

Thus there should be health physicians as well as sickness physicians, or rather, as Dr. Emerson suggests, all physicians should be to see each individual or patient enjoying life 100 per cent.

How can this happy state be reached?

This state will be reached when every individual who isn't getting enjoyment out of life (except of

course, those who have definite physical reasons for not getting enjoyment) consults his physician about it, and the physician himself takes as much interest in the case as he would in a clear case of heart, lungs, kidneys or other ailment.

This means that health will be the first thought in life, not sickness.
